ALPINE RESORT

Peter Gibson President of Mt. Washington Introduced **Don Sharpe**, Business Services Manager. Don gave us a summary about Mt Washington's activities during the last year. "It was all about the SNOW" and they got TONS! Mt Washington opened 100% of its runs 2 weeks early for the very first time in 30 years.

Total snow fall accumulation was 15 meters. On closing, Mt Washington still had 2 meters on the ground....and because of that, just for fun, Jun 19 and 20 they will open up again for the Fathers Day weekend!

On a side note, the Mountain can now open up with less than 100cm on the ground.

The Olympics

International teams came in quantity for training before during and after the Olympics. Over 350 competitors came and brought their friends. Don showed us a sport promotional video introducing all the venues that are accessible.

VI Mountain Sports Society partnered with Rotary and Mt Washington to raise funds through the Snowshoe Biathlon. A 7000 Square ft sports centre will break ground in a few weeks.

And don't forget Beerfest this summer!

Above- **President Doug Dyer** gave **Brien Dolan** a Certificate of Appreciation to recognize his extensive work with the Interact Club and in various other committees.

Left- In turn, Brien acknowledged fellow member **Gary Thulin** as the Chamber of Commerce's Business Leader of the Year. Gary's Store, Home Hardware Building Ctr, won large Business and Environmental Sustainability Awards for 2010. **Congratulations Gary!**

Building Spirit through community pride in our history and our people.

Our Rotary Club is proud to contribute our support for the Community in Blooms through the restoration of the Walter Morgan studio.

Two years ago our Club gave a \$1000 cheque to Community in Blooms to purchase a banner for advertising. The Rotary Wheel is part of that. It will be draped across the road by the Museum. The City of Campbell River is competing nationally in this contest. We just wanted to remind the club of our project and just how important it is to the community to see these Heritage Buildings
